Frequently Asked Questions

How long in advance should I schedule my treatments?

We recommend you schedule your treatments at least two weeks before your trip to Puerto Vallarta. Please confirm your arrival 48 hours prior to your first scheduled treatment.

What do I need to schedule my treatments?

Please indicate the days and chair times when you want to attend your treatments, you can do it by phone or email.

Do I have to pay for my treatments in advance?

It is not necessary. Normally the payment is made at the end of each hemodialysis session.

Does my insurance cover the costs of hemodialysis treatments in Puerto Vallarta?

We know that some insurances cover the costs of your treatments while on vacation, or they can reimburse the expenses, however, that depends on each company, so it will be necessary for you to contact your insurance provider or social worker before your trip.

How long do each hemodialysis session lasts?

Each treatment is personalized, we prescribe your treatments based on the instructions of your doctor. Our cost per treatment covers up to 4 hours of treatment.

What do each hemodialysis session includes?

Each treatment includes the supplies of the dialysis machine, dialysis filter and healing material, permanent nursing supervision as well as the periodic supervision of the Doctor. Medicines are not included in the treatment, but you can bring your daily requirement of medication with you.

Can there be additional fees for the service?

Yes. Only if you request / need a blood test or medication that you do not bring with you. We will inform you of this cost.

Do you reuse dialyzer filters?

No. In each treatment we use a new dialyzer filter.

Do doctors speak English?

Yes. They will be able to answer all your doubts and questions.
